ENSTONE ALLOTMENT HOLDERS MEETING

This year's Annual Allotment Holders meeting is to be held on Monday 18th October in the Parish Hall at 7pm.

If you are thinking about taking on an allotment this is a good opportunity to learn more about it. Sizes of plots on offer do vary to suit the amount of spare time you have available and if you are a beginner, you would be working alongside some very knowledgeable people should you need any advice. As with all things in life you will only get out of it what you put into it. It might not be easy when you start but the glow of success when you harvest your first crop makes it all worthwhile.

ENSTONE PARK

We are delighted to announce that Enstone Park is having a makeover! After many years of raising funds, planning and meeting with playground companies, we have contracted a local specialist, who also built play equipment for many of the local parks including Charlbury, Middle Barton, Shipton under Wychwood, to create our new village park. Some of the current equipment will be staying but much of it will be newly built. This does mean that unfortunately our playing park area will be closed until late November (weather dependent) while the new play equipment is installed. The field, however, will be in use as

usual for school and all. During this time, please ensure that you: Only use the car park if it is essential for your use of the school or field. (space is always at a premium but particularly so for play equipment deliveries, vehicles and skips); Keep your children at a safe distance from the fenced play park area and out of the hedgerows around the field;

Do not use any of the play park equipment, for the safety of your children and yourselves; Are aware that there may be vehicles and heavy equipment being moved from the car park to the play area;

Thank you so much for your support and patience whilst the play park is being built. Enstone Playing Fields Association is a small committee, and we are always on the lookout for new members or volunteers who would like to get involved! If you would like to join us or would be happy to help with some of the tasks that are needed to keep the park well maintained for all our children and families, please do not hesitate to get in touch – we would love to hear from you!
